

MOBILE 4 MAN AIR BREATHING UNIT

FOR AIR BREATHING IN HAZARDOUS ENVIRONMENTS

The Quill Falcon Mobile 4 Man Air Breathing Unit is designed for asbestos removal contractors or those customers working in hazardous environments where they have a need for air fed breathing apparatus.

The Quill Falcon Mobile 4 Man Air Breathing Unit is manufactured to compressed air breathing standard EN12021 and works with most stand-alone compressors. The Quill Falcon Mobile 4 Man Air Breathing Unit provides a reliable source of high purity air for up to 4 operatives and can be supplied with airline breathing harnesses and Scott RAS masks. There is also a reserve air supply in the unlikely event of main supply failure and an integrated control panel for monitoring individual operatives air supply. The unit has four robust braked castors and is skid mounted too for ease of mobility around site.

On site air quality testing can be provided for this equipment if required, please call **+44 (0) 1332 864664** or email **sales@quillinternational.com** to arrange your on site air quality test.
